

New Hope Borough Comprehensive Plan Update

Internal Workshop for Borough
Officials and Administration

June 10, 2024

Traditional vs. Implementable Comprehensive Planning

Traditional Comprehensive Planning	Implementable Comprehensive Planning
• Developed in accordance with PAMPC (Pennsylvania Municipalities Planning Code) • A guide to future decision-making for municipal actions	• Seek to identify solutions to local and regional problems through a community-based planning process • Bases its structure around the most important issues to the community • Meets PAMPC requirements by backfilling this information into the remainder of the plan

Process Timeline

Review/Adoption

For Tonight...

1. Map Exercise – 45 minutes

- Two stations, each with the same 3 maps:
 1. Future Land Use Map, from current 2011 Comprehensive Plan
 2. Zoning Map
 3. Aerial Map
- Place colored sticky notes on areas of the map as follows:
 1. **Enhance**
 2. **Preserve**
 3. **Transform**
- Jot down comments on sticky notes, as desired

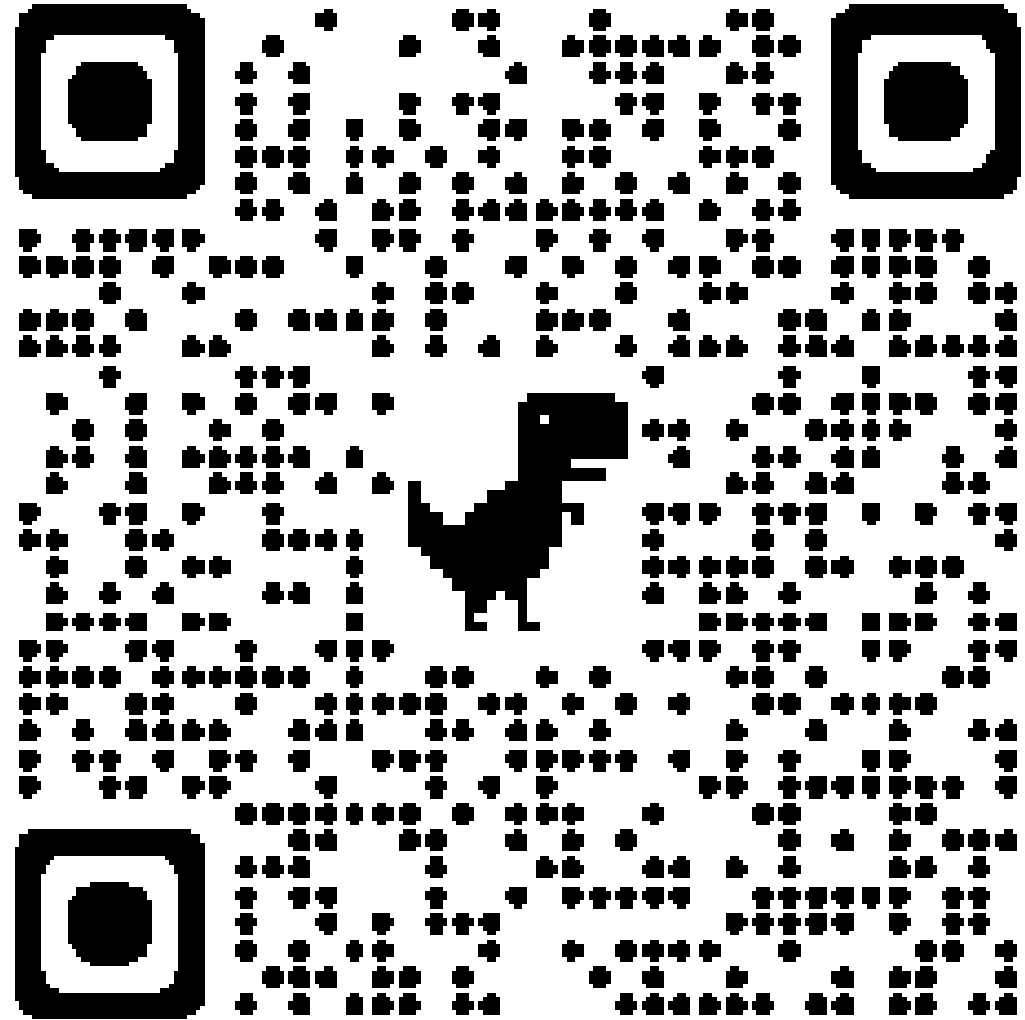

2. SWOT Analysis – 45 minutes

- Group discussion, jotting down thoughts on key topics from 2011 plan:

Thank you!

Let's stay in touch!
